1997 – 1998 Directed contract with the Canadian Home Care Association to develop, conduct and disseminate a survey of home care programs along with a review of uptake of these programs using administrative data and qualitative data from focus groups and interviews with care receivers, their families and care providers

Research involving secondary analyses of survey/administrative data

2017-ongoing Directed contract with InVisibility to Inclusion (I2I) to analyse the 2017 Canadian Survey on Disability with respect to the economic impact of living with an episodic disability

2017 Directed contract with the United Nations Population Fund in Myanmar to develop a policy brief on the issues facing child, adults and seniors with disabilities in Myanmar

2017 Directed contract to develop a database from selected family court proceedings in Ontario concerning abuse and custody issues as input to a larger study on Victims of Spousal Abuse

2017 Directed contract to develop a profile of post-secondary students with disabilities using the 2012 Canadian Survey on Disability for the National Educational Association for Disabled Students (NEADS)

2015 Directed contract to develop background information concerning the population with disabilities who are willing to work but unable to find employment for use by SenseAbility in their 2015 strategic planning session

2014 Member of the research team contracted by the Centre on Work Disability Policy to explore the issues facing Canadian adults with disabilities who are unable to find employment

2014 Member of the research team contracted by the Centre on Work Disability Policy to explore the issues facing Canadian adults with episodic disabilities who experience intermittent work capacity

2011 Principal Investigator - Analysis of the employment characteristics of the population with disabilities to explore the economic impact over time using the longitudinal data from the Survey of Labour and Income Dynamics (SLID) – successful proposal through open bidding process

2010 Principal Investigator – Analysis of the population with disabilities who are not in the labour force, including a literature review and analysis of the 2006 Participation and Activity Limitation Survey (2006 PALS) for Human Resources and Skills Development Canada (HRSDC) – successful proposal through open bidding process

2009 (1) Co-principal Investigator – Analysis of the impact of training on the employment outcomes of persons with disabilities, including a

- literature review and analysis of the 2006 PALS for HRSDC – successful proposal through open bidding process
- (2) Principal Investigator – Analysis of home care from the perspectives of the care receiver and the family/informal caregiver, including a literature review and analysis of the 2001 and 2006 PALS and the General Social Survey (Cycle 21) for HRSDC – successful proposal through open bidding process
- 2008** Principal Investigator – Exploration of data sets (the Survey of Labour and Income Dynamics, the National Population Health Survey (NPHS) and the 2001 and 2006 PALS) to gain a better understanding of the dynamics of disability and the impact on employment and income – successful proposal through open bidding process
- 2007-2008** Conducted a workshop with representatives from national and provincial/territorial organizations to determine the content of—and prepared—11 profiles that highlighted the socio-economic, demographic and housing conditions of persons living with particular types of disabilities using the 2001 PALS – successful proposal through open bidding process
- 2007-2008** Principal Investigator - Analysis of the population with disabilities who are living with a psychiatric disability, including a literature review and analysis of 2006 PALS data – successful proposal through open bidding process
- 2007-2008** Principal Investigator – A research project to obtain a better understanding of how severity of disability impacts on the socio-economic outcomes of the population with disabilities (using the 2001 and 2006 PALS, the NPHS and the 2006 Census of Population) and to propose alternative methods for the determination of severity of disability – successful proposal through open bidding process
- 2007** Directed contract with the Professional Association of Foreign Service Officers (PAFSO) to analyse and synthesize the results of a survey of foreign service officers conducted by PAFSO
- 2005–2007** Co-Principal Investigator – To gain a better understanding of the impact of living with a learning disability and the development of materials to be used by the Learning Disabilities Association of Canada and its provincial/territorial affiliates to share best practices using qualitative data obtained through focus groups and the exploration of data sets (the Canadian Community Health Survey, the Longitudinal Survey of Children and Youth, the 2001 PALS) to gain a better understanding of the impact of living with a learning disability – successful proposal for three-year funding through open bidding process
- 2005–2006** Directed contract with Linguistek to undertake statistical analyses of data from the Longitudinal Survey of Children and Youth (NLSCY) for input into the federal government’s report titled “The Well-Being of Canada’s Young Children 2005”

- 2005** Directed contract with Department of Foreign Affairs and International Trade (DFAIT) to analyze the impact of maternity/paternity leave on the operations involving foreign service officers
- 2005** Directed contract with Statistics Canada to produce statistical profiles of 100 First Nations Communities in Alberta, Saskatchewan and Manitoba for use by Statistics Canada's Aboriginal Liaison Officers to encourage participation in the 2006 Census using data from the 2001 Census of Population
- 2005** Directed contract with DFAIT to analyze the personal and family characteristics of rotational foreign service officers and their application/non-application for 2005 postings
- 2004–2005** Directed contract with the Accessibility Directorate, Community and Social Services, Government of Ontario to analyze and report on the situation of Ontarians with disabilities using the federally funded 2004 Environics Canadian Attitudes Towards Disability Issues and the 1991 Health and Activity Limitation Survey (HALS) data from Statistics Canada
- 2003–2005** Sub-contracted by research team to spatially identify the relationship between literacy and disability using the 2001 PALS with funding from The Abilities Foundation through the Literacy Secretariat, HRSDC
- 2001** Directed contract with Indian and Northern Affairs (DIAND) to develop the prototype for their community-based profiles using data from the 1991 Aboriginal Peoples Survey (1991 APS), the 1996 Census of Population and administrative data from DIAND
- 1998** Directed contract with the Nunavut Corporation to analyze data from a survey conducted by the Corporation and combine those data with data from the 1991 HALS and produce a detailed social and economic profile of persons with disabilities in Nunavut, as well as a related fact sheet for each community, as input into the development of programs and services for persons with disabilities in the new territory
- 1997** Directed contract for Intergovernmental and Aboriginal Affairs, Government of Saskatchewan to produce a social and economic profile of the Métis and First Nations living in selected urban areas in Saskatchewan using data from the 1996 Census of Population
- 1996** Directed contract for the Canadian First Nations Confederacy of Cultural Centres to produce a statistical profile of Aboriginal persons with disabilities using the 1991 HALS

Research developing inventories of programs/services/best practice/scoping reviews/literature reviews

- 2018-2020** Contract with Canadian Association for Supported Employment (CASE) to develop a database to support the ongoing work of the MentorAbility project

- 2018-2019** Contract with the Public Health Agency of Canada to document the content of their Public Health Infobase to identify duplication and inconsistencies across the various frameworks and indicator databases
- 2017-2019** Contract with the Canadian Mental Health Commission of Canada (successful proposal through competitive process) to complete an environmental scan of supported employment programs in Canada for persons with mental illness and to present the findings in an interactive map that includes statistical data from the 2016 Census of Population
- 2017** Directed contract with Employment and Social Development Canada summarize and compare evidence in the literature related to the for the evaluation the Employment Insurance Benefit for Parents of Critically Ill Children (PCIC)
- 2016** Directed contract with Employment and Social Development Canada summarize and compare evidence in the literature related to the provision of paid sick leave, wage loss insurance and other support available to employees experiencing short-term disability
- 2016** Directed contract with Canadian Council on Rehabilitation and Work (CCRW) to complete a literature review of best practices for the hiring and retention of people with disabilities
- 2013** Principal Investigator – To develop an inventory of knowledge concerning persons with episodic, moderate and short-term disabilities and employment through a literature review, an environmental scan of other countries and key informant interviews that will be used by the Federal/ Provincial/ Territorial Persons with Disabilities Advisory Committee (PwDAC) as a primer for future research on these topics – successful proposal through open bidding process
- 2011** Directed contract – To conduct an environmental scan of like-minded countries and international organizations concerning their disability data strategies concerning children with disabilities
- 2010** Directed contract – To conduct an environmental scan of like-minded countries and international organizations concerning their disability data strategies concerning adults with disabilities
- 2010-2011** Principal Investigator – To update the existing content and extend the coverage to include disability-support programs included in the HRSDC publication titled “Labour Market and Programs in Canada for Persons with Disabilities” – successful proposal through open bidding process – HRSDC
- 2008** Co-Principal Investigator for the Canadian Standards Association under contract to the Accessibility Directorate, Community and Social Services, Government of Ontario to prepare three reports, including an inter-jurisdictional overview of best practices from provinces, territories and like-minded countries concerning the employment of adults with disabilities as background information for the Employment Accessibility Standards Development Committee in their work to develop an

Employment Accessibility Standard under the *Accessibility for Ontarians with Disabilities Act* – successful proposal through competitive process conducted by Community and Social Services

- 2007** (1) Directed contract for DFAIT to review the compensation packages of private-sector companies who have a hardship system to determine the compatibility with the Canadian system for measuring hardship
(2) Directed contract with Statistics Canada to produce an international review of the questions and survey methods used to collect information concerning the impact of living with a disability
- 2005** Directed contract for the Treasury Board Secretariat to review the policies and procedures related to foreign service compensation packages in selected countries
- 2004** Directed contract for Citizenship and Immigration Canada to conduct a literature review and provide information on a fully updateable database on the perceptions of conditions of service for foreign service officers in Canada and like-minded countries
- 2003** (1) Directed contract for the US Bureau of Labor Statistics to prepare an annotated bibliography of questions used in American surveys and censuses to identify the adult population with disabilities
(2) Directed contract with the American Presidential Task Force on the Employment of Adults with Disabilities to produce an inventory of the federal programs and services available to adults with disabilities, including an analysis of the administrative data collected on the characteristics of the population with disabilities who were in receipt of the programs and services
- 1998–1999** Directed contract with Lerner and Associates to produce a fully updateable database of information published by the federal, provincial and territorial governments and the private sector on the health effects of smoking

Technical documentation

- 2008** Directed contract with DFAIT to produce a users' guide for foreign service officers at post to assist with the completion of the new hardship questionnaire and a users' guide for the Interdepartmental Hardship Committee to assist with the evaluation of the completed form
- 2006** Directed contract with Statistics Canada to develop and implement a fully updateable database, including related supporting materials, to manage the Research Data Centre Program at Statistics Canada
- 2000** Directed contract with the United Nations Statistical Division to prepare the first draft of a handbook for use by developing countries in the collection of information concerning persons with disabilities

WORK HISTORY

President

Adele Furrie Consulting Inc. (AFCI)

(1996 to present)

Adele Furrie Consulting Inc. provides a range of research and analysis services to both governmental and non-governmental organizations. Specializing in the fields of human resources, disability, Aboriginal issues, health and human rights, it provides a range of product options. AFCI operates effectively using associates based in academia and the private sector and, with them, AFCI is able to put together the skill set that meets or exceeds the requirements for each project.

Director

Post-Censal Surveys Program

Statistics Canada

(1985 to 1995)

As Director, developed and implemented the new Post-Censal Surveys Program, which was comprised of two major initiatives: a \$15M national statistical database program dealing with the issues facing persons with disabilities residing in private dwellings and health-related institutions (1986 Health and Activity Limitation Survey and 1991 Health and Activity Limitation Survey) and a \$14M national statistical database program dealing with the issues facing Canada's three Aboriginal peoples (1991 Aboriginal Peoples Survey).

Assistant Director

Small Area Data Program

Statistics Canada

(1983 to 1984)

As Assistant Director, designed, developed and produced a series of products at different geographic levels that combined economic and social data from multiple administrative and survey data sources.

National Director

Canada Fitness Survey (through Executive Interchange Canada)

(1980 to 1982)

With funding from Fitness and Amateur Sport Canada, as the National Director, designed and conducted the first National Fitness Survey undertaken in Canada.

Survey Methodologist
Social Survey Methods Division
Statistics Canada
1966 to 1980

Various positions with increasing responsibility in designing surveys for census evaluation and agriculture

EDUCATION: B.A. – Economics/Sociology, Carleton University, 1985

SECURITY CLEARANCE: Enhanced reliability

LANGUAGE PROFILE: Fluent in English; Fluent in ability to read French
